Bridgewater Marble & Granite Works

is the place to go for all your interior natural stone needs. Whether you need granite kitchen countertops, a marble bathroom vanity top or an exotic stone for your tub or fireplace surround, Bridgewater Marble & Granite Works will deliver a quality product with exceptional service at a competitive price.

Showroom

Visit our newly remodeled showroom in Bridgewater Township to see finished kitchen and bathroom vanity countertops, stone and tile samples, sinks and faucets, our numerous edge selections and our impressive project portfolio.

Largest Selection

Bridgewater Marble & Granite Works has one of the largest selections of imported stone slabs in Central NJ. We stock only first quality granite, marble, soapstone, limestone, travertine and other exotic slabs in our 35,000 square foot indoor warehouse. We also sell 12" granite and marble floor tile plus engineered stone for maintenance free countertops.

Precise Templating and Layout

Our templaters take precise measurements to capture every detail to your complete satisfaction. Customers are then invited to layout their templates on selected slabs prior to fabrication to assure there are no surprises in the finished piece.

On-site Fabrication and Expert Installation

Your stone is cut by our experienced craftsmen using state-of-the-art fabrication technology. All work is done on-site and never subcontracted out. Our skilled installers take great care to make sure every job fits exactly as templated before applying a penetrating stone sealer for maximum stain protection.

Customer Service

Our commitment to customer service is unmatched by other fabricators. Our experienced sales staff can help with your material and edge selection, pricing, scheduling and maintenance tips. Customer care key to our business philosophy and found throughout all operations from design through installation and maintenance.

Buy Direct and Save

We sell and service directly to homeowners and members of the architectural, design and building trades. Kitchen and bath contractors, designers, builders, architects and tile installers are all welcome at Bridgewater Marble & Granite Works..

Other Services

Bridgewater Marble & Granite Works has a full line of quality stone care products and services for homeowners and trade professionals.

- Quality cleaners and sealers plus in-home sealing service
- Fabrication only for the 'do it yourself' homeowner or experienced contractor
- We are an authorized dealer for Franke brand sinks and faucets
